GO KART · SKU AX-EV-964-HT

Porsche 964 Hardtop Electric Go-Kart

Classic hardtop coupé electric go-kart: 72V 2500W motor (4500W peak), 72V 50Ah lithium battery, up to 60 km/h, independent suspension and disc brakes all round. Single-seat.

MOTOR	BATTERY	TOP SPEED	SEATS
2500W (4500W peak)	**72V 50Ah lithium**	**60 km/h***	**Single-seat**

The **Porsche 964 Hardtop Electric Go-Kart** completes the classic 964 silhouette with a fixed roof. It has the same rounded nose, wide rear arches and rear spoiler as our open-top model, and the closed coupé body makes it look like a complete car. Lined up in silver and black outside a showroom, a pair could pass for collector cars, until you notice the scale.

Wholesale and multiple-unit quotations are confirmed individually. No additional discount is applied automatically.

The manufacturer's specification lists a **72V 2500W motor with 4500W peak power**, a **72V 50Ah lithium battery** and **rear-wheel drive**. That gives a stated **60 km/h** top speed and **50 km** range, with a **3–4 hour** charge. A smart BMS protects the battery, which the manufacturer rates for **2,000+ cycles**.

Key features

Complete hardtop coupé. A fixed roof and full glasshouse finish the classic silhouette, so it reads as a complete car at first glance.

4500W peak power. The 72V 2500W motor peaks at 4500W for strong acceleration, with rear-wheel drive and a stated top speed of 60 km/h.

Fibreglass body, steel frame. A light fibreglass body on a high-strength steel frame, with 120 mm ground clearance.

Proper running gear. Independent suspension front and rear, disc brakes all round, and wider rear tyres (18×9.5-8).

Showroom presence. Silver and black pairs are dealer favourites. They look like a scale-model collection outside any building.

Brand-ready panels. The roof and doors are ideal for custom liveries, racing numbers and logo badging.

Specifications

POWERTRAIN

Motor	72V 2500W (peak power 4500W)
Battery	72V 50Ah lithium
Maximum speed	60 km/h (brochure)
Range	50 km stated
Charging time	3–4 hours
